## WSI SUPPORTS SOUTH AFRICA

For every foal WSI registers we make a contribution to MaAfrika Tikkun to support the Mitvah School. Since 1986, at the height of the apartheid-era State of Emergency, the Mitvah School has enabled hundreds of poor students from Alexandra Township to pass their matric exam and enter university and/or pursue good careers. Google "Mitvah School" and "MaAfrika Tikkun" to learn about these important charities.

## FOUNDATION DAMLINE PROFILE

Damline 3 descends from Dutch mare family 404. Harnita, the *ster preferent prestatie* mare sired by the international showjumper Ahorn and out of the *preferent* mare Tornita (by Erdball xx), is the WSI's foundation mare from Damline 3. Also serving the WSI is Harnita's international showjumping son Wang Chung m2s (by Royal Bravour), her daughter Benita m2s (by Ulysses m2s), and her daughter Desir du Monde m2s (by Desir du Chateau). Other progeny of Harnita include the international showjumping mares Nanita (by Burggraaf) and Tarnita (by Numero Uno). This damline has produced many more international showjumping and dressage horses and approved stallions such as Santiago W, Hollywood, Camillo, Camillus, Jaliska, Legaat, Zidane Velvet, Loverboy, and Jupiter.

## DID YOU KNOW?

Every young stallion licensed by the WSI must pass a stallion performance test in Germany or Ireland before his foals can be registered. Recently the WSI's first two licensed stallions, Ballistics m2s (Ekstein x Condios x Cor de la Bryere) and Boy Toy m2s (Ekstein x Limmerick x Nimmerdor), arrived at one of the German state studs, the Landgestüt Sachsen-Anhalt, to prepare for the 70-day test.

## JOIN WSI

Since our approval in March 2009 as an EU studbook the WSI has attracted members from 11 countries throughout the world. Some of these international members will register foals with WSI but many have joined because they support our efforts to produce international showjumpers of the highest caliber.
