

Warmblood Studbook of Ireland
Assessment / Inspection Application

This Assessment/Inspection Application is to be submitted by the horse owner/agent/keeper. One form is to be used for each horse or mare/foal combination. Only mares and stallions owned by individuals who are members of WSI and are registering foals with WSI, or who commit to begin registering foals with WSI in 2017, may have their mares and stallions inspected for Approval.

I request the following services:

- | | |
|---|---|
| <input type="checkbox"/> €40 Mare: Inspection for Approval | <input type="checkbox"/> €50 Mare: Informal Assessment |
| <input type="checkbox"/> €40 Foal: Inspection (WSI foal only) | <input type="checkbox"/> €50 Foal: Informal Assessment |
| <input type="checkbox"/> €75 Stallion: Stage 1 of Stallion Approval Process | <input type="checkbox"/> €50 Youngster: Informal Assessment |
| <input type="checkbox"/> €200 DNA-OC Test for WSI Mare / Approved Mare | |
| <input type="checkbox"/> €200 DNA-OC Test for WSI Foal | |
| <input type="checkbox"/> €125 WSI Membership from now until 31/12/2018 | |

Please ensure your name is on the bank transfer so we know who made the payment.
- Credit card or debit card
Contact our office with your card details.
- Cheque / bank draft / money order

Checklist:

- Completed Application Form Copy of Passport, Marking Chart and Extended Pedigree
 Sign Last Page of Application Donation to Irish Warmblood Foundation Payment

Inspections and Assessments will include the following elements:

1. Pedigree Evaluation (Inspection only; no pedigree evaluations with Assessments)
2. Conformation Assessment (type, top-line, forelegs, hindlegs)
3. Movement Assessment (walk, trot, canter, elasticity, athleticism)
4. Jumping Ability Assessment (technique, scope, reflexes, rideability)

NOTE: Loose-jumping or jumping under saddle is optional. Consider your horse's health, welfare and fitness before deciding to jump the horse. It is not necessary to present your horse or foal with a braided mane, etc. The inspectors understand that young horses, mares, and foals will be brought in from the field. WSI focuses on the genetic and athletic qualities of the horse, not whether it is turned out to the standards for a showing class.

Inspection and Assessment Report

You will be shown the preliminary results of the Inspection or Assessment at the end of the evaluation (except for the pedigree assessment). A typed Report will be emailed to you.

The results will be verbally shared with spectators, and the inspections and assessments may be videotaped or livestreamed on Facebook as an educational service to the equestrian community.

Mares, fillies, and foals formally inspected will be considered for Studbook honorifics (Approved Mare, Premium Mare, Champion Colt Foal, Champion Filly Foal, Star Foal, and honorifics based on the sport performance of the mare's progeny). Stallions that pass Stage 1 inspections will be invited to Stage 2 inspection in the spring.

DNA-OC Test

The DNA-OC test assesses your horse's genomic profile to determine how likely it is to possess the genes associated with osteochondrosis (bone chips, lesions, etc.). The test is available only to WSI members, and the tested horses must be WSI-registered or Approved for breeding by WSI. Horses that pass the test are awarded the D-OC predicate by WSI. Contact the office for further details and terms and conditions.

**IRISH WARBLOOD STUDBOOK LIMITED T/A WARBLOOD STUDBOOK OF IRELAND
(WSI) IN ASSOCIATION WITH**

ROYAL WARBLOOD STUDBOOK OF THE NETHERLANDS (KWPN)

**Terms and Conditions of Application and Process for Admission and Assessment and
Inspection of Mares, Stallions, Foals & Young Horses by Warmblood Studbook of Ireland.**

The following are the terms and conditions of the agreement between Irish Warmblood Studbook Limited, Company Number 465817, hereinafter referred to as “WSI”, and the horse/equine owner and his, her or its employees, invitees, accomplices, servants or agents hereafter collectively referred to as the “owner”. If you do not agree to these terms, you will not be able to the below referred to inspection or inspection process and/or assessment or assessment process.

1. INTRODUCTION

The owner agrees to the terms and conditions outlined in this agreement. The owner has applied to WSI for admission of his, her or its equine into the Warmblood Studbook of Ireland and/or for professional assessment of the various qualities of his, her or its equine. WSI administers various inspections and assessments held on pre-published inspections dates at various equestrian centers and facilities owned, operated and managed by third parties or the owners of horses to be inspected and assessed, throughout the Republic of Ireland and Northern Ireland. This Contract constitutes the entire and only agreement between WSI and the owner, and supersedes any and all prior or contemporaneous agreements, representations, warranties, and understandings with respect to the goods, services and information provided by or through the Site, and the subject matter of this Contract

2. REPRESENTATION AND WARRANTY

The owner represents and warrants that he, she or it is both the equitable and registered owner of the equine the subject of this application.

The owner hereby further represents and warrants that any equine that he, she or it presents provides and/or submits for assessment or inspection or admission to WSI and its studbook is properly and fully trained, is suitably well-handed for inspection purposes, and, is capable of being handled in a safe manner and is not a danger or is not reasonably likely to cause danger or damage to any other equine or person or property.

Furthermore, the owner hereby further represents and warrants that it will at all times during the inspection process take, assume, ensure, and oversee full control and care of any equine in its ownership, that is presented and provided for assessment or inspection or admission to the Warmblood Studbook of Ireland.

3. RIGHT TO REFUSE

WSI reserves the right in its sole discretion to refuse admission at any time to the inspection process. WSI reserves the right to refuse to inspect for approval, and/or to rescind the approval, of any mare or stallion whose owner is not a member of WSI and does not register foals with WSI or commit to register foals with WSI.

4. INDEMNIFICATION

The owner hereby agrees to indemnify, defend, and hold WSI and any of its affiliates, licensors, suppliers, associates, collaborators and its employees, servants and agents, and any of the third party equestrian premises owners and operators as above referred to, harmless from any direct or indirect, liability, loss or losses, claim, action or damage, arising from any injury or damage to a person, an equine, or property or any liability, or any special, incidental or consequential loss or losses, claim, damage arising directly or indirectly from any accidental death, and expense, including reasonable legal fees, related to the above.

“Liabilities” for the purposes of this agreement, means liabilities, costs, charges and expenses, consequential or otherwise (including all liabilities for judgments, fines, penalties, amounts paid in settlement, legal fees and expenses) that the Individual suffers or incurs resulting from, any proposed or actual action, suit or other proceeding in which the Individual is or may become involved; any order

made or judgment awarded against the Individual, or any investigation or proceeding involving the Individual by any court, administrative or quasi-judicial official body, agency or tribunal.

5. DISCLAIMER

WSI and any of its affiliates, licensors, suppliers, associates, collaborators and its employees, servants and agents, hereby disclaims and sets forth that WSI and any of its affiliates, licensors, suppliers, associates, collaborators and its employees, servants and agents are not and will not be liable for any direct or indirect, special, incidental, or consequential damages or losses, liability, loss or losses, claim, action damage, arising from any injury or damage to a person, an equine or property or any liability, or any special, incidental or consequential loss or losses, claim, damage arising directly or indirectly from any accidental death, whether any of the aforementioned is based on breach of contract, tort, or arising from legislation or under the common law.

6. ALTERNATIVE DISPUTE RESOLUTION

If any disagreements arise, the Parties will use their best efforts to negotiate to resolve all differences. The collaboration of Parties and their researchers is paramount. However if the dispute cannot be settled through inter-party negotiations, the Parties agree first to try in good faith to settle the dispute by mediation before resorting to any other dispute resolution procedure. The Parties agree to appoint an Independent Mediator to convene the mediation. The fees for mediation will be borne equally by the Parties. Should the parties fail to agree to resolve such dispute by Mediation then the parties agree to Arbitration as the second dispute resolution mechanism and before any other remaining dispute resolution options are decided upon.

7. GOVERNING LAW

This agreement shall be governed by and construed, and interpreted and enforced in accordance with the laws of the Republic of Ireland, and the Courts of the Republic of Ireland shall have exclusive jurisdiction in relation to any dispute that requires to be litigated arising from this agreement.

1. I attest that the above-named horse is in a fit state to be presented for assessment or inspection and is or will be sufficiently trained. A competent handler will at all times be present with the horse and the horse will be under his or her care and control at all times.
2. All the owners and handlers of the horse agree to indemnify WSI, KWPN, the venue owners, and their employees and agents on demand in full against any loss, claim or damage before, during, or after the assessment sustained or perpetrated by any person, goods, or horses.
3. By submitting this Assessment Application I agree to be bound by the rules and procedures of the Warmblood Studbook of Ireland. I permit the Studbook to collect, store, analyze, publish, and disseminate data about me and my horses; to videotape and publish the video on the internet; and to collect a hair sample for DNA analyses including a parentage test and/or genomic profile and/or DNA-OC test and other tests, the results of which are the property of WSI and KWPN.
4. Owners of Approved Mares and Approved Stallions must be and remain Members in Good Standing of WSI. All mares and stallions entered into the Studbook must have parentage confirmed by DNA analysis either by WSI's approved laboratory or another laboratory approved by WSI.
5. No refunds will be given.
