**Inspections and Assessments will include the following elements:**

1. Pedigree Evaluation (Inspection only; no pedigree evaluations with Assessments)
2. Conformation Evaluation (type, top-line, forelegs, hindlegs)
3. Movement Evaluation (walk, trot, canter, elasticity, athleticism)
4. Jumping Ability Evaluation (technique, scope, reflexes, rideability)

NOTE: Loose-jumping or jumping under saddle is optional. Consider your horse's health, welfare and fitness before deciding to jump the horse. It is not necessary to present your horse or foal with a braided mane, etc. The inspectors understand that young horses, mares, and foals will be brought in from the field. WSI focuses on the genetic and athletic qualities of the horse, not whether it is turned out to the standards for a showing class.

**Inspection and Assessment Report**

You will be shown the preliminary results of the Inspection or Assessment at the end of the evaluation (except for the pedigree evaluation). A typed Report will be emailed to you.

The results may be verbally shared with spectators, and the inspections and assessments may be videotaped or livestreamed on Facebook as an educational service to the equestrian community.

Mares, fillies, and foals formally inspected will be considered for Studbook honorifics (Approved Mare, Premium Mare, Champion Colt Foal, Champion Filly Foal, Star Foal, and honorifics based on the sport performance of the mare's progeny).

**DNA-OC Test**

The DNA-OC test assesses your horse's genomic profile to determine how likely it is to possess the genes associated with osteochondrosis (bone chips, lesions, etc.). The test is available only to WSI members, and the tested horses must be WSI-registered or Approved for breeding by WSI. Horses that pass the test are awarded the D-OC predicate by WSI. Contact the office for further details.

## 6. ALTERNATIVE DISPUTE RESOLUTION

If any disagreements arise, the Parties will use their best efforts to negotiate to resolve all differences. The collaboration of Parties and their researchers is paramount. However if the dispute cannot be settled through inter-party negotiations, the Parties agree first to try in good faith to settle the dispute by mediation before resorting to any other dispute resolution procedure. The Parties agree to appoint an Independent Mediator to convene the mediation. The fees for mediation will be borne equally by the Parties. Should the parties fail to agree to resolve such dispute by Mediation then the parties agree to Arbitration as the second dispute resolution mechanism and before any other remaining dispute resolution options are decided upon.

## 7. GOVERNING LAW

This agreement shall be governed by and construed, and interpreted and enforced in accordance with the laws of the Republic of Ireland, and the Courts of the Republic of Ireland shall have exclusive jurisdiction in relation to any dispute that requires to be litigated arising from this agreement.
