- (l) jumping scope: -
- (m) jumping reflexes: -
- (n) carefulness: -
- (o) balance: -
- (p) rideability: -

Behavior: Normal

Additional observations by the inspectors: A nice 22-year-old stallion with a nice head, well-muscled neck, and good withers. His back is a little weak; he has good loins and croup. Good stance of both his forelegs and hindlegs, and his limbs are very lean, which is notable given his age and long sport career. His feet are a little different. Der Senaat 111 had a very good career at the highest levels in showjumping sport, and has proven himself as a very useful sire of showjumpers. Many of his progeny compete in international sport. He is designated a WSI Approved Stallion based on his prior approvals and status as a BWP Ambassador; his successful sport career; the success of his progeny in sport; and this WSI inspection. He is awarded the predicates "Elite Showjumper" and "Elite Showjumping Sire". His DNA will be tested to determine if he is eligible to be awarded the D-OC and D-WFFS1 predicates.

Decision: Approved with Elite Showjumper and Elite Showjumping Sire Predicates.
